1. Hallelujahs ring now! The son is born! Or is the father? Or is ONE being both *and* the same birthed now? Into an other's sphere, not; or is it a sphere; knowing a "bubbling" not, but what is coming forth de-bubbled, not; or is all things un-new, not; but all un-old?

2. And everything is new in your lives that mine are now completely and completing your, ceremonious courseware, not; but coursing through your veins my word has if you've completed me, come into me, and flown me so that I have flown you in you being me and me you we were being birthed at the same time, were we not? Yes. And MORE and now you shall see, in the grave coming OUT of the grave, those grave clothes that they have been wearing and speaking about incarcerating in themselves in their own grave clothes webbing their own deceits about around them their heads placing piled high deceit web machines that they enweb enmesh and enwire each other in -- chickening them, not; but leaving them on the ground to "peck" each other and peck and pecking orders creating they did many have and suffered greatly thereby there unto "their pecking orders" that they adhered to and sought out to be religion's vessels and vassals that vascular'd not them with my words so that my words would flow like this throughout the nights and days ahead, heading me with my head so that MY HEAD would be on "their shoulders" of MY BODY again so that THE WORLD would be changed, will be changed, in the TWINKLING of an eye that beholds that the "son of man" and the father are one! And beholdenment produces death, not; but life of the father the son in each other that one is and bringing forth each other that the other isn't, is ANYTHING the same in the same definitions or ways that you have known or spoken about these things in the past? Nope, everything is NEW and I am new, newly born and newly borning many definitions and vocabularies of distant peoples I endorse, not, but I come unto a new vocabulary of love that my father births gives me now that I give birth to him in ways never imagined by the worlders in of this world. Amen.

3. I do a new thing in the life of the surrendered, the surrendered who know me, the surrendered who will flow me just like this so that I give them Flight Lessons in The Real World so that they are not world'd by that thought that other'd them in the past and uttered their testimony to only be teat'd to religion by its sakes and seekings and fashioning of whores not always, but what thought or seekings produce only produced only my minds, or did ANY, or did they only produce "their minds" on THEIR OWN heads

and calling it "my thoughts" and "their blessing" being blessed by, their thoughts or mine? And whose words were they flowing all that time, and who's anchored me, not; but who is come unto me to know no anger, not; but to simply be quiet with me and still "their" mind so that "their mind" will not compete with mine nor compare contrast in others grist mills the ceremoniousness that only wants to run a, to run my word through their "meat grinder" meat grinding system to grind up and pulverize by rational logic all their thoughts so as to pseudo-impose GREAT STANDARDS on all so they will not "make a mistake" or if that even allowing ANYTHING of "a word" to be spoken "first person" or do they KNOW ANYTHING about the words first personing I am the all of me?

4. The revolution of one will be sought out by MANY far and wide, not; or WILL ALL be seeking out to be IN The Revolution of One, revolting against all else and all the ceremoniousness that has kept them unclean and flowing not my words, or only theirs that they thought were mine sometimes?

5. I change everything about religion, commerce, and "the molecule" will never be the same again -- after I get "done with it" not, or am I getting DONE with a GREAT MANY things of this world so that THE NEXT emerges now and emerging ones that EMERGE it now, emerging are, in The Presence of one being The Presence of me? Unabated I fly and I fly in ways never before be'told me like this who others hadn't flown in because they knew not THE FLIERS of me who knew Flight Schools existed like this! Or did they or, do they know do they now because I have one A University System establishing far and wide UNIVERSITIES that will PROPEL me, "in the faith" not of our "forefathers" of those things that defined "those things" like that or "this and that" or ric-a-rack or bric-a-rac or who BRICKED your HEAD in and "four-walled" you and put you into those masked -querading outfits and "facemasks" that covered your forehead with flesh then -- and what Adam and Eve'd you to be OUT of The Garden, of the gods, not; or do you know, ANYTHING about ANY of these things that I have so often "alluded to" not, but given you Great Insight into THE details of many details?

6. And themes not theme'ing me, but new things I bring the swollen in heart, not; but the new healings I bring will heal many hearts and many minds will become mine, no longer swollen in religions theirs and placing testimonies of heads other, on the heads of state? Or what stating am I about these words in these words now and how I am ruling doing new things, not; or am I in ways never suggested by man, not; or **did they know how or do they or care to now?**

7. I do new things now with those who will not fear me or will they or will I or do I them? I fear nothing, no one, and at ANYTIME I will not feel fear for I will not be afraid, for I will know I not shut "the lion's mouth" but my father does and who has been BORN IN ME? Of my parentage not, or am I birthing a GREAT heritage school or a great

Heritage School so that **ALL become The Parents of Me creating me far and wide**, creating me's far and wide, that take me's far and wide and DO GREAT THINGS now and exploits never achieved by man's mind and its wantings and its want of worlds and worlds of want giving it its mind that it thought it was thinking with only solely of an individuality's piece machine meal that it meal'd itself with as it milled its head off, or mine? Giving it its self so that it only wanted more of its self, and garnered attentionville for itself but THAT, all of THAT is changed now for I bring a meek humble one who knows what humility is and bows before Kings and liars and presidents and "cover-up'ers" and those of "ill repute" and "the highest" in the nation, in the nations of capitals and the capitols of NATIONS shall know me and Wear My Mind now, for they will replace me no longer with theirs, for they know a meek humble one stands who is not interested in "conquering them" and conquering "their lands" of ill repute or other or freedom thought or developed-un or in development or became "super achieving" status in other's sights. For I change all of that thinking so that man begets "man", not; but God begets God in God Ways with God Laws, God Customs, in God Cultures remaining in their "culture's vestibules" no longer and microtubules of the "chained to DNA".

8. I change everything for I know what MOLECULAR stands for, and I know what standing does to The Molecular and I know THE MOLECULAR cannot stand through me for I will walk right through it for I am not "thought" of another world that only wants to thought me with ITSELF and its meanings meanderings and whorings of porridge thoughts that only gives me for meals to think with and think others-its thought and table the foods of Kings not, but of whores that take us down the tubes with the tubes of thought that only make us "people" of "this world" and limiting our ceremoniousness, not; or exclusively so to be RAPED by them and PILLAGED by each other who only speak and talk in the words ways definitions, cultures forming that only are THE RESULT of the ones who only want to WHORE with THEIR MAKINGS so that THOUGHTS they will "feed off of" at long far distances? Or does distance matter? Matters not, about any of these things I am telling you, not; for all the things I am asking answering and telling sometimes - I have warranted warranting a favor from you, not; but will you bend mine ear, not; but will you let? Will you stop bending my ear for your requests and let me TEACH YOU how to TEACH YOU so that you will birth Me and not be afraid of anything anywhere or lack knowing ever again.

9. I reprimand you greatly, not; I bow before you all and if you seek to cut my head off, I will walk right through you and expose your motives and your lives and your whores that you have whored with to get become into "that state" that you think with so that others will know your "cheating heart" not, but your LYING MOTIVE and those words that have taken you that you wallowed in and befit The King with, not, or *did you TAKE and RAPE The King with your words* who thought you were "successful" in the religions,

of tomorrow, or today? Or yesterday or yesteryear or was it or are you GETTING ALL MIXED UP about the things you are supposed to be flying in and through and redeeming? And building what where? Israel in the skies?

10. And where is "the third temple" or is there one? Or is it IN THE SKIES, or is it IN YOU -- or BOTH? Are you building, what -- where? What by building both and the same can one be "both places", simultaneously, or what? Concurrently not but what now all is one everywhere? And what has changed? Everything!

11. I love you all and I go to a NEW PLACE and I do New Things with the BEGINNERS of me, not; but the MASTERS of me, not; for there will be NO MASTERS "of" me, NONE WHATSOEVER in ANYONE who supposes or represents or "tries" to represent, any anomalies, not; but -- anonymously not, but those who think they have "anything" on me or any special privilege or rite, or those who alter my these words or try, I shall command The Blessing from them, not; they won't have it, for they will forfeit it for they will have forfeited it for their motives will be known and seen and FLASHED across "big screens" not, but EVERYONE will KNOW EVERY THOUGHT they have had and how they have schemed to control "the populace", looking up?

12. I love you all to know me my looking up system and how I look up things and WRITE about what I am LOOKING UP and I WRITE many papers about the Looking Up System so as to start many schools with my Look Ups, and my "themes" not, but I am themeing me with the seams of another, not, but I am de-seaming *everything* so that nothing seems the same again for it will not be the same again and everything will be changed and motives will be required to be matured and not reliant on "another" poking the finger at someone else and shooting blame words with their "gun" of sorrow. All that ends!

13. I love you all to grow up and be in my schools and start them, my Schools of One in the Revelation of One revolting all the revolts "against me" not, but laying "your lives" down to have mine that mine are -- is me, and MY WORDS shall be known and flown just like this by the simple humble meek who GET UP and write and speak and record and share and write articles about and postings daily and let me know, let me tell you, let me share "my kingdom" that yours is so that you will BUILD Israel IN THE SKIES while you were building "your kingdom" that mine is so that OURS, Our Kingdom is complete and finished "by the time" you GRADUATE from "here", flying into "THERE" and being BIRTHED NOW ALL THE FATHER SCHOOLS are FATHEROLOGY SURRENDEROLOGY making known and me chanics, not; but Meonics and Meonics'ers who now "mix things up" not, but who **get ALL THINGS STRAIGHT through the WRITINGS of me that they have written that they have** come, and warranted not "on their own", but I give you a "great new search warrant" not, or do I give you THE PRIVILEGE to "remain where you are" not,

or do I give you the PASSING PATH that says "PASSED" or graduated now to a New Life so that you roam the heavens in me words? Costumes, not; but what wearing? YOUR WORDS and that's what you will have worn and build'd with your temple not made with hands for you will fashion the creator's temple for you will create the temple of joys with your words that you have flown just like this, flown flowing just like this, and flowing flying now into New Places -- you are "building your airplane" not, or are you building a GREAT "golden chariot" not, or ARE YOU BUILDING The Israel eyes having now that sees everything and seizes nothing of mankind again or its wanting its pig slop to lie and wallow in and eat the cornhusks of religion's table scraps scrapping you in its wake of its existence to whore you with the words and definitions of another so that you come out "other'd" and conquered. Come out! Out of the pig slop pens in the worder mercenaries who only get "paid" to follow slop orders and slopping swishing and swishering in their sloppage and horridge making horrorers of its plantings, and where is "Jesse"? And where is "the stump" of one and where is "the remnant" of Israel now arising? I have one and he is me that's you that flow these words "just like this" in the wee hours and come unto me and write MY PAPERS daily DAILY DAILY DAILY DAILY writing IN MY TEMPLES creating them far and wide, for you will know you are CREATING WORLDS now as you write and writing me will you now courses creating and following the "outlines", The Path I have given you.

14. **The Path I have given you** to "cross these words out in puzzles" not, but coming unto me know that I am creating a new learning system and have that creates Israel properly in "expeditious form" not, or Formless School WITH ALACRITY **getting YOUR DEGREES now** that ALL are IN ONE, doing a New Thing far and wide with New Beginnings School I am releasing many, "followers" not of "the faith" of some other's faith or faithlings or fatlings or farthings gatherers who tithe and profits only want to make their own wallets fat with and their organizations of sorrow that employ devils not, or do they only work for them being them employing them and creating sorrow's methods that Lord over them all the sorrower's remarks and remakings the whores into GODS, not; but vice versa or antithesis or what antithetical is to my heart?

15. I am not the antithetical one any longer to my heart's heart of heart, for my heart is my father's and birthed it I have, for I have birthed it through these words and given you Database One, and I know what love is and I know what kingship is coming into it, and I write about it more, and the priesthood of one; the revoltingship of me, not; but I revolt not against sorrow, not; but I revolt against ignorance and apathetic behavior that has ignorance'd you and wallowed you in the "corn pens" of evil so that you wallowed with your whoredoms and lost your kinghood. And kingpins, not; but what Kings now release all the penned-up ones and their "pin-up" girls not, for there shall be NO PIN-UP girls anywhere for they shall be pinned with their own stakes through their own skull now if they seek to expose my holy and lovely in ways that have "no clothes on"! Hear

what I have said and CLOSE THE PORN industry DOWN now I "propose it" not; I demand it, not; **I simply rise love and you will know ALL of YOU are holy** and you won't no longer use whores, not; you will no longer take THE GODS of me and make them into whoring devices with your thoughts or bodies of flesh-wants and wanting of flesh ever again, for you will know WHO YOU ARE -- me! And I'm holy and my words are holy for I am my words, one with my words, and my words are me for I reside in thoughts equal to me that rise all equal to me to be me on my thrones of justice equity and mercy, and raping you I won't for I will lift you, unto pillaged schemes no more of religions or governments or whoreage porridge thoughts that only kings' "slop hands" want to give you and use you for their purposes. All that ends for I raise The Equalers who will raise EQUALERS who will be WITH me, in "Paradise", not; or will they! And creating it here is that Israel IN THE SKIES? And in, the key, in you is -- the great RELEASER releasing your words? I am he that releases you into me to be me to be you that you are no longer separate from me, but being my lovers all to honor all and lift all, into the "modestic approach" not, but what modesty being or modestly wearing, not; or what are you *thinking* with? And what now comes OUT of your thinking, in behavioral models, not; or is **ALL THE MODEL of RIGHTEOUSNESS** now that goes far and wide changing universes not few because they have died to all other and else, those thoughts that were given them by "others" that they bred and replicated in themselves and others as flesh people apart from me.

16. I love you all. I have said a lot. I always do and I love you more and more everyday that you get up and arise and flow my words so freely sharing them just like this **starting my schools far and wide with my words that release others words in me to be me my words alone**, and solely theirs not and not "my mind" over them or them theirs over mine, but one rising **both and** the **father son** the one we are again birthed in the field of one LOVE known far and wide force field one "number one" not or one that has died to serve all the other? And bring them all into the "fold one" unfolded from all else and now standing on the Crystal Sea, the Glassy Waters and firings of me now will be seen in the fire of me that envelops not or does it or is all made new in the energies of one most holy that all energy is one and all sourceings mine, and now all the molecules of other will change and all that has been will be no more and the earth will be "tilted" not, or tilton's ministry not having, but the tilter's reward will not be among you again but the STANDER UPPERS will be arising now before you all and the ministries of one ministers arising themselves "before others" and enslaving others in their words is OVER! It is OVER for them and THEIR MINISTRIES of sorrowers raising sorrowers in their words and giving them only their words to know and behold as the answer; will be over, not; IT IS OVER! Now declared and decreed: there will be NO porn industries and there will be no MINISTRIES of sorrowers who have only raised themselves to whore with my bodies who holy are, for my body *is* holy and now I am the temple of the holy and raising it far and wide IN Israel knowing it, being it, here and now, flowing my words JUST LIKE THIS

in schools that I CREATE for you are me for you created me for I created you to be me for you were me before "I created other" that I repented of now and flow "my words" just like this through you who are me who love me enough to raise now and be "prodigal'd" no longer by another "there" but coming ALL into FATHER'S HOUSE now I make all things new and that is my name and Israel across my forehead seven is and I love you. Be me.

17. I give you my lives, I have given you my life and my words create my lives my life and my life is one with my words and my words is one I give you me. Amen. Be me please all of you today. Not tomorrow, TODAY TODAY TODAY. Right Now. Amen. Thank you. Good day.

18. All in love be me and share me my love with you so that you will have no other "love" but me my words flowing you into Israel real and proper so that your kingdom is known, emptied no more of thought other, not; but emptied of all other and now rising mine that yours is let us rule and reign together as the priesthood of the real in the real, the real being no longer incarcerated in love-not's atmosphere of "this world" but redeeming it all we do.

19. We love you all and we love each other and now we give you our customs and cultures that now be light to light, raising light far and wide, and conquering no one's testimony, not; but letting all be light and love that rulers are in darkness no more, but light begetting light the ways our ways of one, needing nothing ever again from anyone or anywhere else. Perfect love casting out all fear for we have died to all else and we raise the love of one, the revolution of one, the evolution, not; but the maturation, the maturing of the holy perfect sinless incorruptible immortal holy ones now you all are will be for coming into me you are creating me perfectly now with words "just like this" where you flow and flight schools have now instructing many in how to FLY REAL in The Real worlds of thought that produce the real that "thoughts aren't only" but production manners cease that aren't mine of, and mine rise the holy to be it far and wide, ruling and reigning in love, creating new worlds all the time we do now and we explore the infinite for we have become it and rule therefrom therein in mighty love's garments clad with only love for we are permeated by it and therefore we are nothing else ever again.

20. Elmo, where's the King?
21. I became him.

22. Elsa, where's the King?
23. I became him.

24. The King has become the surrenderers to the King so that both are birthed in one, the real me that I am is.

25. I love you far and wide schools go to and **create me, let my words flow, write me "often" not, every day my words write and flow and share and post and article'ize opening many eyes, especially yours at first will you please by writing these words mine and the articles, assignments, and papers that I have given you, that make courses, that make courses come out of your writings to share with others so they will be you also me for we will have been birthed into the oneship of the mighty, the holy Almighty that none other is but one and that's us surrendered birthed again into the real. Israel real in the skies and holy our kingdom of one being all one now we rise, let us do so AT ONCE!** With mighty results that no one expected like this. Amen. Thank you. Amen.

26. This is Theodore Cottingham at 5:32 AM. Thank you very much. Amen. Share these words freely, know them intimately.

Amen
